Subject: *Dialectical Pictography* -- A Pictorial Summary of *Dialectical Ideography*

Dear www.dialectics.org Webmaster,

Greetings to you from F.E.D.!

Enclosed with this cover letter please find:

- *Dialectical Pictography* -- A Pictorial Summary of *Dialectical Ideography*.

The background of the enclosed document is as follows: Hermes de Nemores has been massively expanding the F.E.D. Introductory Letter. As part of that process - and wishing to apply the old adage that "'a single picture can convey as much as is conveyed by a thousand words'" - we decided to add illustrations throughout that Letter, and we, at length, hit upon a new paradigm for diagrammatically representing the key concepts of *Dialectical Ideography*.

Dialectical Pictography is a compilation, and a further elaboration, of the diagrams now contained in the new, expanded version of the F.E.D. Introductory Letter.

We recommend that you place the enclosed PDF file on the "**Applications**" Page, which will thereby no longer be devoid of posted contributions. The enclosed document illustrates the application of dialectical arithmetics, and of their dialectical algebras, to the modeling of a multitude of the facets of the phenomenology of this «kosmos».

Dialogically yours,

Aoristos Dyosphainthos
